**NOTICE OF UNLICENSED OPERATION**

Case Number: EB-FIELDWR-12-00002784  
Document Number: W201232900007

The Los Angeles Office received information that an unlicensed broadcast radio station on 1610 kHz was allegedly operating in Lancaster, CA. On June 13, 2012, agents from this office confirmed by direction finding techniques that radio signals on frequency 1610 kHz were emanating from 44662 15<sup>th</sup> Street W, Lancaster, CA. The Commission's records show that no license was issued for operation of a broadcast station at this location on 1610 kHz in Lancaster, CA.

Radio stations must be licensed by the FCC pursuant to 47 U.S.C. § 301. An exception to this licensing requirement is for certain transmitters using or operating at a power level that complies with the standards established in Part 15 of the Commission's Rules, 47 C.F.R. §§ 15.1 *et seq.* The field strength of the signal on frequency 1610 kHz was measured at 2,060 microvolts per meter ( $\mu\text{V/m}$ ) at 134 meters, which exceeded the maximum permitted level of 14.9  $\mu\text{V/m}$  (24,000/1610) at 30 meters established in Section 15.209(a) of the Rules (*see* 47 C.F.R. § 15.209(a)).

Another exception for some transmitters operating in the 510 kHz to 1705 kHz band is found in 47 C.F.R. § 15.219. Specifically, Section 15.219(b) of the Rules states "the total length of the transmission line, antenna and ground lead (if used) shall not exceed 3 meters" (*see* 47 C.F.R. § 15.219(b)). The investigation by this office determined that the ground lead was longer than the length of a 2-story tall building, thereby, increasing the total length of the transmission line, antenna, and ground lead well beyond 3 meters. This installation violated Section 15.219(b) of the Rules.

You are hereby warned that operation of radio transmitting equipment without a valid radio station authorization constitutes a violation of the Federal laws cited above and could subject the operator of this illegal operation to severe penalties, including, but not limited to, substantial monetary forfeitures, *in rem* arrest action against the offending radio equipment, and criminal sanctions including imprisonment. (*See* 47 U.S.C. §§ 401, 501, 503 and 510).

**UNLICENSED OPERATION OF THIS RADIO STATION MUST BE DISCONTINUED IMMEDIATELY.**

You have ten (10) days from the date of this notice to respond to this notice with any evidence that you have authority to operate granted by the FCC. Your response should be sent to the address in the letterhead and reference the listed case and document number. Under the Privacy Act of 1974, 5 U.S.C. § 552a(e)(3), we are informing you that the Commission's staff will use all relevant material information before it to determine what, if any, enforcement action is required to ensure your compliance with FCC Rules. This will include any information that you disclose in your reply.

You may contact this office if you have any questions.

Paul Oei  
Acting District Director  
Los Angeles Office  
Western Region
